Start something big today. Apply now.

Business Unit Controlling Intern (f/m)

Organization: RBJP | Division: Powertrain Solutions (PS) | Location: Yokohama (Japan) | Functional area: Finance and Controlling | Department: CTG23-JP | Remuneration: 160.000 JPY/month | Position Code: PS/CTG23-JP | Internship period: Apr. 2019 – Sep. 2019

Your contribution to something big

You support us actively in our daily controlling and reporting activities and work on your own strategic projects while gaining a wide insight into our internal processes.

Your tasks will include:

- ▶ Preparation and analysis of financial key data like sales, expenses, profit and profitability
- ▶ Preparation of management meeting presentations
- ▶ Data gathering and processing for turnover forecasts
- ▶ Other project related tasks upon necessity

Additional assistance

We offer very competitive salary. Additionally, we provide you with all necessary documents and information for a successful visa application*.

*Visa requirements:

Please note that applicants need to be eligible to obtain the Designated Activities Visa for an internship with Bosch Corporation Japan. Therefore, only students who fulfill the following conditions are eligible to apply (proof required):

- Enrolled student at a university outside of Japan during the entire internship period
- Doing the internship (6 months) will require your university to sign a document confirming that the internship represents a mandatory or strongly recommended part of your university curriculum when applying for your visa

Please understand that applications of students regularly enrolled at a university in Japan may not be considered.

Required specialized knowledge

- ▶ Controlling knowledge (theoretical and/or practical)
- ▶ MS Excel and Power Point (very good skill)
- ▶ Be a communicative, proactive, tenacious and reliable team player!

Preferred skills

- ▶ Experience from former internship in Controlling (or financial related)
- ▶ Accounting knowledge

Additionally you should:

- ▶ Be able to stay for a period of 6-12 months at our company
- ▶ Be regularly enrolled at a university outside of Japan during the entire internship period
- ▶ Be flexible, willing and motivated to live and work in a different culture

Make it happen.
